

Dr. Tswj Hue Xiong: President Candidate of Xiong United National 2025-26.

My vision for Xiong United is to implement a few key goals as a roadmap for the Xiong clan. The first goal for Xiong United is to standardize the Xiong leadership system across all states, adopting a unified leadership principle. The second goal for Xiong United is to reach out to all Xiong clan leaders and families to collaborate with Xiong United and understand the value of care, respect, integration, support, and sharing a vision. The final goal for Xiong United is to shift the Hmong stigma related to daughters returning to their parents' home after they divorce their husbands. Our Hmong culture has negatively viewed divorced women in general with the belief that they will jinx their family upon their return to their parents' home (*This will explain more on the vision statement*). Therefore, if I were selected as the President of Xiong United, I would accomplish these three goals over the next four years. I urge you to cast your vote and join us in making these vital changes a reality for the future of the Xiong Clans.

Election Date:

Vote: Saturday, November 8, 2025; Time: 10:00 Am-6:00 PM (Local Time).
